

Sustainable Cities & Communities

SUSTAINABLE CITIES AND COMMUNITIES

Prince Sultan University exhibits high commitment to the global blueprints designed to deliver progress, peace and prosperity for people and the planet, including preserving and sustaining the heritage of communities. As an important stakeholder, PSU contributes towards the achievement of sustainable cities and communities through various events, practices and research. It regularly organizes events and exhibitions for students and employees to promote the culture and appreciation of Saudi heritage.

The strong commitment can be witnessed from the type of support provided in events related to arts and heritage and the sustainable practices followed for sustainable commuting, remote working for employees, affordable housing, buildings to sustainable standards etc. Moreover, the integration of sustainability as an important topic is endorsed in our curriculum, research and outreach.

Students visit to the Exhibition of Projects of Distinguished Cities During the Reign of the Custodian of the two Holy Mosques King Salman bin Abdul Aziz 2022

A number of students from the College of Architecture & Design at PSU, accompanied by instructors from both Architecture and Interior Design Departments, attended an Exhibition of Projects of Distinguished Cities During the Reign of the Custodian of the two Holy Mosques King Salman bin Abdul Aziz 2022, and a forum on the effects of Vision 2030 initiatives on Saudi cities.

Promoting Arabic Language & Culture

PSU organized several sessions of Arabic Language Analysis workshops. The workshops targeted females from society interested in knowing more of Arabic as a Language. The main aim was to raise awareness of our culture among society. The attendees from the public were glad and gratitude to find an academic venue as PSU where they can share their interest in Arabic Language Knowledge.

Sustainable Development Symposium/Workshop

PSU's College of Engineering organized a workshop entitled Partnership and Sustainable Development Goals in cooperation with the Saudi Green Building Forum and the United Nations in December 2019.

PSU Eco team in Shell Eco Marathon Asia 2019

On-track, teams battle it out in the mileage challenge, competing within vehicle categories and energy classes to see which vehicle can travel the furthest on the least amount of energy. PSU Eco team participated in Shell Eco Marathon Asia in April 2019.

Green Building & LEED Certification

Green Building was a lecture in a form of forum organized by ID Department in collaboration with CSCEC. It was implemented on two stages; the first one was a conducted LEED course presented by PSU alumni for four days. The next stage was organizing a forum where PSU welcomed a guest speaker. He was the Vice President of the US Green Building Council (USGBC) who highlighted the next step in sustainability which aligns with the 2030 Environmental Sustainability Vision. Then the main goal was to raise awareness and to inform the community about the professional knowledge regarding the KSA Green Building Industry. Followed by PSU presentation about LEED, presented by Tae Yi, PSU faculty member. At the end of the forum, LEED certifications were distributed to the participants.

PSU's commitment to SDG 2030

Mission

PSU is committed to United Nations Sustainable Development Goals (SDGs) through effective institutional resource management, innovative teaching and learning, research, national and international partnerships, continuous studies, and outreach. PSU shall undertake the following activities: form higher and steering committees, evaluate each SDG, formulate and develop related SDG policies, conduct awareness campaigns to the PSU community, establish a sustainability office, identify the SDGs related to each college, program, and course, and lab centers at PSU, and implement sustainability-related initiatives.

Vision

Prince Sultan University strives to support Saudi Arabia's Vision 2030 and the United Nations Sustainable Development Goals (SDGs) by paving the way for higher education in KSA and Middle East.

Mission

Supporting the Saudi Arabia's Vision 2030 and the PSU's strategic directions, PSU aligns its mission with SDGs by providing quality education, sustainability initiatives, lifelong learning, scientific research, and community service
